COURT DAY.—The deep snow and cold weather kept the Court adjourned Monday down to a very small gathering, but the robbers had a very good business for the day. There were very few cattle on the market, but there were some. Thos. McGlockton, buying 17 at \$150 to \$200.

After being married they went to New Albany, where a conveyance was secured to bring them to Louisville.

OLD-TIME SNOW.—The rain of Wednesday night of last week turned into snow and by sun-up there were some inches of the beautiful on the ground.

The snow continued Thursday, and on Friday morning it was about 15 inches deep on the level. It thawed but little up to Tuesday morning, remaining crisp and crackling under foot.

The ice and snow banked up on the roofs started a leak wherever the roof was not absolutely watertight.

This snow is the heaviest in many years, and the winter, though late setting in, has been one of the warmest on record.

THOS. L. JONES.

Odessa. Get fuel and feed then get fuel and feed again has been the order of the day here for a week.

On Wednesday night it began snowing about 7 o'clock and continued for 24 hours. The depth of the snow varied from 12 to 17 inches, no drifts measured. The exact date is the deepest snow for years.

A good-sized crowd attended Isaac Stephens' sale Saturday. Everything sold well. Walter Anderson also sold his property at same time and place. Both Stephens and Anderson will leave this week for Missouri with their families to make their home. We regret to lose their citizenship, but commend them to the good people of Missouri or elsewhere.

Mrs. Mary Gardner and little son Jacob, of near Owensville; Russell Woodward, wife and little daughter, of Peble; Grover C. Phelps and wife, of Owensville, and S. T. Henderson, of near Harper's, were the guests of W. Anderson and family Tuesday of last week.

It has been said that there are many people in the world that can not stand prosperity and it does look like it from the number of people that have gone and are going soon from this county to the west.

What is the matter here? Is stuff worth nothing here? Well, let's see: Our corn is selling at 60¢ to 70¢ per bushel; wheat from \$1 to \$1.25; tobacco from 15¢ to 20¢ per pound; cattle 30¢ to 40¢; lambs 60¢; hogs from 9¢ to anything your conscience will let you ask for them; horses from \$100 to \$300 for ordinary grade per head, and Mr. Mule sold last week at Paris as high as \$800 per pair.

If you own a farm you can get from \$40 to \$100 per acre for it and you have but yourself to thank for your conscience. If you can get \$1 to 2 and board for your labor, or at least that price has been offered and failed to get labor. And if you are sick or afflicted and unable to work you can't find a place on earth that looks so many loafers free of charge as Bath county. So it does look like there is too much of something or not enough of anything.

"Did you enjoy your Christmas dinner, Tommy?"

"Rather! I had to take four different kinds of medicine."

SAFE EITHER WAY.—An Elk county citizen, who had just graduated from a law school, wrote to a prominent lawyer in an Arkansas town to find out what chance there would be for him in that part of the country.

"I am a Republican in politics, and an honest lawyer," he wrote. "If you are an honest lawyer, you came the reply, you will have no competition, and if you are a Republican, the game law will protect you."—Kansas City Star.

MISS BROWN.—How do you remember what you gave people last year?

Miss Harlem—I always keep a card index of Christmas gifts.—Judge.

"Advice," said Uncle Eben, "is simple like sugar. You either give it free till you're tired of listening or else it's so expensive you can't afford scarcely say."—Washington Star.

Excessive anger against human stupidity is itself one of the most provoking of all forms of stupidity.—Van Radowitz.

At Christmas times there are two sorts of people—those who get to give, and those who give to get.—Judge.

THURSDAY JAN. 13, 1910.

When the world will Teddy
when he learns of the dis-
missal of his friend Pinchot
for doing just what Teddy
have done under the circum-
stances?

The signs are that President
Taft will have a stormy term
of office. There is a risk of severe
public condemnation because
of the dismissal from office of Chief
Forester Pinchot, who was zeal-
out in trying to save public lands
from the grasp of the grafters.

The Redistricting Commission
appointed by Gov. Wilson prepar-
ed and reported probably as fair
and good a redistricting bill for
Kentucky as can be made from
present information. Bath is ad-
ded to Bourbon, Clark and Mon-
tgomery for the Senatorial district
and remains with Rowan for the
Representative district.

UNCLE JO CANNON felt the
force of the insurgents last week
when they combined with the
Democrats to take the appoint-
ment of the Ballenger-Pinchot in-
vestigating committee.
Uncle Jo is
but his discreet
of the battlefield
politically with his bones.

SENATOR JOHN L. VICE enjoys
the distinction of being the
first to introduce the County Unit
bill in the General Assembly this
session. As to the attitude of his
Bath county constituents on the
measure it is a question. The Pro-
hibition element applauded it,
of course, while those whose close
markets for "New Market" would
be destroyed by the enactment
condemn it. Apparently the Pro-
his are the most numerous.

CORRESPONDENCE.

Correspondents must get their
items to us Monday if they ex-
pect them to be printed. And
please remember that visits be-
tween neighbors are not news.
